Formation Videos: Curriculum Links

This supports teachers in making use of the Religious Education Formation Videos by highlighting the connections that can be made between the videos and the topics in the *Understanding Faith* curriculum. The links provided are suggestions. Teachers should feel free to make use of the resources in the way that best meets the needs of their students. Many of the videos deal with complex ideas and subjects, so in some cases, they may be best as a reference for teachers rather than as a direct learning tool for students.
